Fiscal Court Meets

The Fiscal Court met at Stanton Saturday and transacted business relative to road matters. Williams & Pitzer were paid \$1,600.00 for contract work to Sept. 1. Mr. Kaler, the contractor in the eastern portion of the county was also paid for road work. Arrangements were made with J. E. Burgher to prosecute work on the Estill road upon the basis that all state aid allotment on account of donations made on this road last year would be used in half payment for work done this year, and continued this way from year to year until completed. Work on this road will be resumed in a few days when it is hoped it will continue until the road is completed from the Estill county line to this city where it intersects the Powell-Clark county road for Stanton, Winchester and Mt. Sterling.

Getting Ready to Drill

Richardson & Van Ostrand, of Philadelphia, Pa., are in the city getting oil leases on various farms. Soon as they have sufficient number of leases closed, they will return east and get drilling rigs to ship in and go to putting down some wells. These gentlemen are oil men of considerable experience, and they are pleased with the outlook for oil in this end of the county. The people should co-operate with them and encourage them, for what we need is development. The oil is here, whether large or small quantities we do not know. That's why we want some more wells drilled.

Missouri Lady Visits Powell

Mrs. Sis Vaughn, of Kansas City, Mo., returned Saturday with Mr. and Mrs. G. W. Clark for a stay with relatives in old Powell. Mrs. Vaughn was formerly a Miss McKinney, a daughter of Evermont McKinney, deceased, and a niece of Mrs. Millie Mouniz of this city.

Record Attendance

The per cent of attendance in Hatton Creek district was 91 %, based on census for the month of August. School is progressing nicely with Mrs. Janie Caudell as teacher. A new drinking fountain has just been installed and other improvements are expected to be made.

Resumes Old Position

Harry L. Russell, who prior to his service with the colors, held the position of Assistant Cashier of the Clay City National Bank, has returned to his old position. Harry is a most deserving young man, and we are glad to see him back to his old job.

Will Move to Clay City

H. S. Rogers and family, of Pilot, will move to Clay City this week. Mr. Rogers recently purchased of his father-in-law, Reuben Townsend, one house and twelve lots in the eastern portion of town. Price private. This is the Jas. G. Rogers property.

Dr. Martin reports the birth of a daughter, Wednesday morning, to Mr. and Mrs. Cordis Larison of this city.

Elder Richardson Supplies

Elder J. W. Richardson, of Vogel, Estill county, supplied the church at Powell's Valley Saturday night and Sunday in the absence of Pastor J. T. Turpin who is engaged in a revival tent meeting at Bear Wallow, Madison county. The ordinance of baptism was administered to three new members in Red river at the bridge two miles south of Clay City. Bro. Richardson is a very pleasant speaker, so the Baptist members extend to him an invitation to come this way again when it is convenient for him to do so.

Sad Accident

A small child of Charlie Snowden, living near Kimbrell, while playing about the place Saturday, ran into a hole in the ground that had been rooted out by hogs. It fell across the hole, striking its head against the earth on the opposite side from whence it was running, breaking its neck which caused instant death.

Looking Up Location

May Bros., from the Iron Works pike near Pilot View, were here yesterday thinking of locating here and entering the garage business. They look upon Clay City as being a most favorable place when the new road is completed through the county and many more machines are sold within its confines.

Teacher Quits

Miss Wash, teacher of the intermediate grades in the city Graded and High school, resigned with her last week's work. Her room was overcrowded, thus rendering her duties so onerous, that she could not do justice to the grades, so she resigned, and the school board is now looking for a teacher or two to fill the vacancy. The position pays \$65.00 per month.

Sunday School Convention

The annual County Sunday School Convention met with the Powell's Valley Sunday School Saturday. The attendance was good, many Sunday Schools from different parts of the county being represented. A bountiful dinner was spread and all present partook generously of the tempting repast.

Teachers For All But One

All the country schools of the county have been supplied at last with teachers, with the exception of the school at Gray's Branch which is still untaken. Supt. Caudell has been untiring in his efforts to get teachers for the schools, and it is through his endeavor that some of the schools now have teachers.

Light Showers

The drought was temporarily relieved Tuesday and yesterday by light showers which did much good, but far from enough to properly revive vegetation. It, however, has been raining enough somewhere up the river to keep the stream constantly muddy for three weeks or longer.

Mr. Haggard married a Miss Mize, of this county, a sister to John W. Mize, at Vaughn's Mill.

Sherman Smyth, of South Fork, was here Monday. Mr. Smyth is interested in the oil business.

J. H. Mills would thank the thief that stole his watermelons to please close the gate next time.

The writer received a letter from a Government official, the other day, asking about some fake oil companies that are supposed to be collecting money on worthless paper, but the writer replied that they have got "run 'n' his'n."

A little bird of the "Jimmy Wren" species lit in our window sill and piped the following: "There are going to be some weddings, and don't you forget it. Now say mister, don't go to 'puttin' in The Times, for if you do, it's certain to get out. The happiest thing I ever beheld wore slippers and tripped like a fairy on the horizon of life's blissful morning. Sweet hearts, choose your partners and we hope and pray that you may not be disappointed in your chinee. Good-by sweet-hearts, good by." Then she flew away to the shady grove.

Berea's Five Departments Open Sept. 17.

The five great schools that run under the name of Berea College, or Berea Alliance, open the first term on Wednesday, Sept. 17. The number of students applying for admission in the mountain region is so great that it has been decided that no additional students from the north and the Bluegrass can be received this year.

Among the new members of Berea's working force are several men whose coming is of large significance. The Red Cross is placing Prof. G. E. King at Berea to conduct special courses for training community workers and social service. Dr. Carl T. Waugh, now a member in the Y. M. O. A. army work and formerly a professor of philosophy at Beloit, comes as dean of the collegiate department and professor of education. Rev. Dr. Hutchins, formerly pastor of Washington Gladden Church of Columbus, Ohio, will be temporary pastor of the Union Church, and Prof. H. H. Groves of Tennessee will take the place of Prof. Hunt of the Normal Department for a year, while Prof. Hunt gives his services to the Red Cross.
